The General Assembly, recalling its resolution [79/327](#) of 5 September 2025, in particular the provisions relating to working methods, as well as its previous decisions on the revitalization of the work of the Second Committee, and recognizing the need for an approach that is complementary to other processes taking place during the eightieth session, including the work of the informal ad hoc working group on mandate implementation review, the Working Group on the Strengthening and Revitalizing of the Work of the General Assembly and the review of resolutions [75/290](#) A and B of 25 June 2021 on the strengthening of the Economic and Social Council and the format and organizational aspects of the high-level political forum on sustainable development:

(a) Decides that the Bureau of the Second Committee will organize a series of informal dialogues and consultations to discuss the revitalization of the work of the Committee, with the first such dialogue to be held in February 2026, preceded by informal engagement by the Bureau with Member States to raise awareness of the process, and requests the Bureau to finalize and circulate a road map following the first dialogue, including a timeline, proposed focus areas and modalities of further discussion;

(b) Also decides that the Second Committee will convene a plenary meeting following those dialogues to take stock of the deliberations and, as appropriate, take action on any recommendations, for subsequent approval by the General Assembly, to allow any change to come into effect ahead of the eighty-first session.
