The General Assembly,

Reaffirming the commitment to the Declaration of Commitment on HIV/AIDS,¹ and recalling the political declarations on HIV/AIDS adopted at the high-level meetings of the General Assembly in 2006,² 2011,³ 2016⁴ and 2021,⁵

Welcoming also the significant gains achieved in the AIDS response, while noting with concern that progress has been uneven among and within countries, and that gains remain fragile and reversible without a renewed commitment and accelerated action,

Expressing deep concern that the world did not meet the internationally agreed time-bound targets on HIV and AIDS set for 2025 towards ending the AIDS epidemic by 2030, and that the ongoing and new challenges have created additional setbacks and threaten to push the AIDS response even further off track,

Recognizing that AIDS remains an urgent global health and development challenge, and recognizing also the need to address persistent challenges and gaps in the AIDS response,

1. *Decides* to convene a high-level meeting on 22 and 23 June 2026, which will review progress on the 2025 targets and other commitments made in the 2021 Political Declaration, including successes, best practices, lessons learned, obstacles and gaps, challenges and opportunities, including with regard to partnership and cooperation, and recommendations to guide and monitor the HIV/AIDS response beyond 2025, including new concrete commitments to accelerate action to end the AIDS epidemic by 2030 as well as to promote the renewed commitment and engagement of leaders, countries, communities and partners to accelerate and implement a comprehensive universal and integrated response to HIV/AIDS;
