Tajikistan and Turkmenistan:* draft resolution

International Day of Safe, Secure and Trustworthy Artificial Intelligence

The General Assembly,

Reaffirming international law, in particular the Charter of the United Nations, and recalling the Universal Declaration of Human Rights,¹

Welcoming the convening of the Summit of the Future on 22–23 September 2024 at the United Nations Headquarters in New York, at which resolution [79/1](#) entitled “The Pact for the Future” and its annexes, including annex II, the Global Digital Compact, were adopted,

Reaffirming its resolutions [78/265](#) of 21 March 2024 on seizing the opportunities of safe, secure and trustworthy artificial intelligence systems for sustainable development, [78/311](#) of 1 July 2024 on enhancing international cooperation on capacity-building of artificial intelligence and [79/322](#) of 25 July 2025 on the role of artificial intelligence in creating new opportunities for sustainable development in Central Asia,

Taking note of the adoption by the General Conference of the United Nations Educational, Scientific and Cultural Organization of its Recommendation on the Ethics of Artificial Intelligence² on 23 November 2021,

Encouraging Member States and inviting multi-stakeholders from all regions and countries, within their respective roles and responsibilities, including from the private sector, international and regional organizations, civil society, the media, academia and research institutions and technical communities and individuals, to develop and support regulatory and governance approaches and frameworks related to safe, secure and trustworthy artificial intelligence systems that create an enabling ecosystem at all levels, including for innovation, entrepreneurship and the dissemination of knowledge and technologies on mutually agreed terms, recognizing

* Any changes to the list of sponsors will be reflected in the official record of the meeting.

¹ Resolution [217 A \(III\)](#).

² United Nations Educational, Scientific and Cultural Organization, *Records of the General Conference, Forty-first Session, Paris, 9–24 November 2021*, vol. 1, *Resolutions*, annex VII.

that effective partnership and cooperation between Governments and multi-stakeholders is necessary in developing such approaches and frameworks,

Recognizing that the lack of digital infrastructure connectivity and skills, including education, expertise and human capacity, remains a fundamental challenge in many developing countries, which can contribute to artificial intelligence and other digital divides, including different levels of readiness to make use of and benefit from artificial intelligence,

Noting the important role that international, regional and subregional organizations and international financial institutions, the private sector, companies, civil society, the media, academia and research institutions and technical communities and individuals, and other relevant stakeholders could play in enhancing artificial intelligence capacity-building and promoting safe, secure and trustworthy artificial intelligence systems for sustainable development,

Mindful of General Assembly decision 35/424 of 5 December 1980 and resolutions 53/199 of 15 December 1998 and 61/185 of 20 December 2006 on the proclamation of international years, and Economic and Social Council resolution 1980/67 of 25 July 1980 on international years and anniversaries, in particular paragraphs 1 to 10 of the annex thereto on the agreed criteria for the proclamation of international years, as well as paragraphs 13 and 14, in which it is stated that an international day or year should not be proclaimed before the basic arrangements for its organization and financing have been made,

1. *Decides* to designate 31 August as the International Day of Safe, Secure and Trustworthy Artificial Intelligence, to be observed annually beginning in 2027;

2. *Invites* all Member States, organizations of the United Nations system, other international and regional organizations and other relevant stakeholders, including civil society, the private sector and academia, to observe the International Day, as appropriate, and encourages Member States, in particular developed countries and those developing countries in a position to do so, with the contribution of the relevant stakeholders, within their respective roles and responsibilities, to hold training courses, seminars and workshops, among others, for sharing experiences and best practices on safe, secure and trustworthy artificial intelligence systems;

3. *Encourages* the development of international partnerships on artificial intelligence capacity-building to develop education and training programmes, increase access to resources, including open artificial intelligence models and systems, open training data and compute, facilitate artificial intelligence model training and development, and promote the participation of micro-, small and medium-sized enterprises in the digital economy;

4. *Invites* United Nations agencies, funds and programmes, within their respective mandates, to collaborate in assisting Member States in designing artificial intelligence capacity-building programmes at the national and regional levels and to foster public-private partnerships in order to mobilize additional resources, and in this regard invites the International Telecommunication Union, the Office for Digital and Emerging Technologies, the Technology Bank for the Least Developed Countries and the United Nations Educational, Scientific and Cultural Organization to support the annual observance of the International Day within their respective mandates;

5. *Calls upon* the United Nations system to enhance action-oriented international cooperation on artificial intelligence capacity-building, including through voluntary and transparent cooperation frameworks or initiatives, prioritizing existing mechanisms and avoiding duplication, which also promotes the meaningful participation of developing countries in artificial intelligence processes;

6. *Stresses* that the costs of all the activities that may arise from the implementation of the present resolution should be met through voluntary contributions, including from the private sector, and calls upon all relevant stakeholders to make voluntary contributions and to provide other forms of support for the International Day;

7. *Requests* the Secretary-General to bring the present resolution to the attention of all Member States, the organizations of the United Nations system and other relevant stakeholders, including civil society, the private sector and academia, for appropriate observance.
